## Scholarship Support

The Wildlife Leadership Academy is a year-long leadership program that empowers youth to become ambassadors for wildlife conservation. The Academy is committed to providing a high quality educational experience for each and every participating student. This requires dedication and passion from our staff, instructors and partners as well as financial support from our community. Part of what makes our program so special and enables broad participation is being able to offer the Academy experience at a greatly reduced tuition to our students (compared to actual program costs). **To continue to offer this reduced tuition we need the support of our community. Help us continue our legacy of educating and empowering youth across Pennsylvania.**
